A general equals a four-star admiral. In the US Army, a general is junior to a general of the army. In the US Marine Corps, a general is the highest commissioned rank. In the US Air Force, a general is junior to a general of the air force.generalnounShort for general anaesthetic or general anaesthesia.generaladjectiveIncluding or involving every part or member of a given entity, whole etc.; opposed to specific or particular.generaladjectiveApplied to a person (as a postmodifier or normal adjective) to indicate supreme rank, in civil or military titles, and later in other terms; pre-eminent.generaladjectivePrevalent or widespread among a class or area; common, usual.generaladjectiveNot limited in use or application; applicable to the whole or every member of a class or category.generaladjectiveGiving or consisting of only the most important aspects of something, ignoring minor details; indefinite.generaladjectiveNot limited to a specific class; miscellaneous, concerned with all branches of a given subject or area.Etymology: From general, generall, general, and their source, generalis, from genus + -alis.Samuel Johnson's Dictionary0.0 / 0 votesGENERALadjectiveEtymology: general, French; generalis, Latin.1. Comprehending many species or individuals; not special; not particular. To conclude from particulars to generals is a false way of arguing. Notes to Popes Odyssey.2. Lax in signification; not restrained to any special or particular import. Where the author speaks more strictly and particularly on any theme, it will explain the more loose and general expressions. Isaac Watts, Improvement of the Mind.3. Not restrained by narrow or distinctive limitations. A general idea is an idea in the mind, considered there as separated from time and place, and so capable to represent any particular being that is conformable to it. John Locke.4. Relating to a whole class or body of men, or a whole kind of any being. They, because some have been admitted without trial, make that fault general which is particular. John Whitgift.5. Publick; comprising the whole. Nor would we deign him burial of his men,'Till he disbursd, at Saint ###The term "general" has been used in various contexts throughout history and literature, often carrying different connotations and meanings. From William Shakespeare's Macbeth to John Milton's Paradise Lost, the concept of general versus particular has been explored in depth.In Thomas Sprat's writings, it is noted that an aversion to something can become a specific hatred if it is deemed peculiarly evil. This highlights the distinction between general and particular aversions, where the former is broader and more comprehensive.William Shakespeare also uses the term "general" to describe actions or sentiments that are not restricted to specific objects or individuals. In his play Timon, he writes, "I've been bold, for that I knew it was the most general way." This emphasis on broadness underscores the idea that general principles can be applied universally.In contrast, particular knowledge begins with specific details and gradually expands to encompass more general concepts. John Locke explains this distinction in his writings, stating that "in particulars our knowledge begins, and so spreads itself by degrees to generals."The term "general" has also been used in various idiomatic expressions, such as "the general public" or "a general admission." These phrases convey the idea of a widespread or universal application.In military contexts, the rank of general is reserved for high-ranking officers who command armies or other large units. This distinction highlights the specific nature of this title, which carries a great deal of authority and responsibility.Throughout history, the term "general" has been used to describe various concepts, from the public to the military. Despite these differences, the core idea of general principles and broad applications remains a consistent theme in the use of this term.The commander of an army is referred to as a military officer who heads a department comprising not less than a brigade of men. This position typically corresponds to the naval rank of admiral, encompassing all officers above colonel rank. The title holds great significance and is reserved for exceptional individuals such as field-marshal or captain-general.###ARTICLEthe general feeling of disrespect for law and order that followed last summer's events, I'm at a loss to understand how to address the issue. Perhaps making a statement in support of the police would be a way to show solidarity with them.
